LEASE OPTIONS

To better match your business plan, we offer three different lease options. Choose the one that's right for you.

Month - to - Month Lease

This is our most flexible lease option, allowing you to terminate your lease with just a sixty-day notice.

One - Year Lease

If your plans call for upsizing or downsizing in the near future, our One - Year Lease limits your commitment to just 12 short months at a reasonable price.

Two - Year Lease

Our best rate is offered with our Two Year Lease. This option allows us the knowledge the space will be occupied for the next 24 months, and we pass these savings onto you.

Whatever your choice, we will strive to make your space your new business home.
